

SAMSARA OLIVE OIL

The Ritual Shot

A daily grounding ritual for body and mind.

Three ingredients. One daily practice.

A concentrated morning blend of extra virgin olive oil, fresh lemon, and scelenium — designed to support clarity, calmness, digestion, and long-term vitality. Rooted in ancient plant wisdom and the Mediterranean tradition of daily olive oil consumption.

□ Extra Virgin Olive Oil

Rich in polyphenols, antioxidants, and healthy monounsaturated fats.

- Supports heart and cardiovascular health
 - Anti-inflammatory properties
 - Supports brain function and cognitive longevity
 - Helps regulate cholesterol levels
 - May improve gut and digestive health
 - Supports nutrient absorption
 - Rich in antioxidants that help combat oxidative stress
 - Traditionally associated with longevity in Mediterranean diets
-

☐ Sceletium (Kanna)

A traditional South African botanical historically used for mood and stress support.

- May support emotional balance and calmness
- Helps reduce stress and anxious tension
- Supports mental clarity and focus
- May enhance mood and emotional resilience
- Traditionally used to promote grounded awareness and social ease
- Supports a calm yet uplifted state without heavy sedation

The Ritual

Taken each morning, the Ritual Shot is more than a supplement —
it is a daily pause, a grounding practice, and a conscious start to the day.

Grounded energy. Clear mind. Nourished body.
